OCEANSIX FOOD

Connecting Vietnamese Seafood to the World

ABOUT US

VIETNAMESE SEAFOOD TO THE WORLD

Oceansix Co., Ltd is a Vietnamese seafood company dedicated to delivering high-quality, safe and sustainable seafood products to customers around the globe.

Blessed with a long coastline, abundant marine resources and a strong fishing tradition, Vietnam is one of the world's leading seafood exporters. Among its treasures, tuna stands out as a key strength — prized for its premium quality, rich flavor and reliable supply, meeting the needs of diverse markets worldwide.

At Oceansix, we bring the best of Vietnam's oceans to your table, today and for a more sustainable tomorrow.

From Vietnamese Waters to the World

A JOURNEY OF QUALITY

Pure Ocean Resources
Nourishing People Everywhere

Sustainable Fishing Brighter Tomorrow

1 FROM THE OCEAN

Our journey begins in the rich Vietnamese waters, where skilled fishermen harvest tuna with respect for the ocean and a commitment to sustainability.

2 TO HIGH-QUALITY INGREDIENTS

The freshly caught tuna is carefully handled, processed and frozen to preserve its natural quality, flavor and nutrition.

3 INTO PRODUCTS FOR GLOBAL MARKETS

With strict quality control and international standards, we deliver consistent, safe and premium seafood products ready for diverse markets worldwide.

4 TO TABLES AROUND THE WORLD

Our products are exported to customers across continents, including Thailand, Bulgaria, the Middle East and Egypt — bringing the taste of Vietnamese seafood to people everywhere.

Vietnamese Seafood for a Healthier World

FROM OCEAN TO YOUR TABLE

PRODUCTION WITH A PURPOSE

STRICT PROCESS – QUALITY COMMITMENT

We follow a rigorous and transparent production process to ensure every product meets the highest standards of food safety, quality and great taste.

OUR PRODUCTION PROCESS

FROM SEA TO CAN

01 RAW MATERIAL

Freshly caught tuna is carefully selected to ensure the best quality.

02 PREPARATION & PROCESSING

Tuna is cleaned, processed and prepared under strict hygienic conditions.

03 COOKING

Tuna is cooked at optimal temperature to preserve its natural flavor and nutrition.

04 CANNING & STERILIZATION

The cooked tuna is filled into cans, sealed and sterilized to ensure long shelf life and food safety.

05 QUALITY CONTROL & PACKING

Every batch is tested to meet international standards before being packed and ready for export.

SUSTAINABLE PRODUCTION CAPACITY

With stable supply sources, modern facilities and an experienced team, we ensure consistent production capacity to meet growing global demand while preserving marine resources for future generations.
